Further information on Funder Profile Information/Wealth Screening

We want to improve how we talk to you and the information we provide through our website, services, products and information. To do this we sometimes use profiling and screening methods so that we can better understand our supporters, your preferences and needs so that we can provide a better experience for you.

We may carry out targeted fundraising activities based on profiling techniques and the information that we hold about you. We may also work with third party organisations who provide additional insight, which may include providing wealth screening information or general information about you that is publicly available.

This information can be added to the information that you have already provided which allows us to use our resources more effectively, understanding the motivations of our supporters and making appropriate requests based on what may interest them and their capacity to give.

You can, of course, opt out of this activity at any time. To do this, please contact any of the Little Village fundraising team or email fundraising@littlevillagehq.org with the subject line "Analysis of my data".

How we store your personal information

Your information is securely stored on an encrypted database and/or secure spreadsheets.

We keep your name and contact details for 5-years or 6-years in the case of meeting our obligations to the HMRC in relation to gift aid. For inactive volunteer contacts who have not consented to be kept on our marketing database, we dispose of their records after 5-years. We keep personal data relating to children who have attended our creche for 20 years, for insurance purposes. Anonymised data may be kept for longer. We will then dispose of your information by deleting any electronic records and securely shredding paper records.
