Before donating:

- Dismantle beds and ensure that all parts are present
> For safety, we cannot gift incomplete cots and beds.
- Label all parts accordingly, e.g. "Part 1 of 5"
> Labelling parts helps us to keep items together and prevents loss.
- All loose parts, bolts & screws provided and securely attached
- Beds should reference the following safety standard somewhere on the product – EN716
- Ensure no part of the item is broken
> For safety, we cannot give out any broken items; even one broken part makes the whole bed unusable.
 - No DIY repairs
 - Ensure item is age appropriate
- > We support families with children aged under 5, so cannot use or store beds for older children/adults.
 - Include item instructions
- > Assembly and safety instructions are very useful to our team and to families. If you do not have the original but are able to locate a copy online and print, it is appreciated.
 - Wash all used bedding and do not donate stained items
- > Our items are gifts; we cannot gift stained items for reasons of hygiene and dignity.
